How to Install Content Packs on Toontown Rewritten

Windows:

1. Open Windows Explorer and go to your hard drive. C:/

2. Find "Program Files x86" (or whatever number it is for you), and locate the "Toontown Rewritten" folder.

3. Drag the "resources" file that you downloaded into Toontown Rewritten's folder directly.

4. Launch the game! If you want to revert back to vanilla Toontown, simply remove the resource folder.

macOS

1. Open Finder.

2. Using your keyboard, click ⌘⇧G (command, shift, G).

3. In the pop up window, copy and paste "~/Library/Application Support/Toontown Rewritten", then hit go.

4. Drag the "resources" file that you downloaded into Toontown Rewritten's folder directly.

5. Launch the game! If you want to revert back to vanilla Toontown, simply remove the resource folder.
